

Item D: List of institutions and/or programs externally evaluated

The National Quality Assurance Agency for Education under the Administration of the President of the Republic of Uzbekistan (NQAAE) was established in 2025 and has recently commenced its operational activities. In accordance with the relevant national regulations governing institutional and program state accreditation, the Agency has initiated accreditation processes for educational organisations and programmes.

However, as the system has only recently been introduced and the first cycle of accreditation is currently underway, no accreditation procedures have yet been finalized, and therefore no institutions or programmes have formally completed external evaluation by the Agency at this stage.

Once the first evaluations are completed, the results will be published in the State Accreditation Register on the Agency's official website. The Agency will also share the list of externally evaluated institutions and programmes with INQAAHE as soon as the first accreditation decisions are finalized.
