International e-Journal: OIJ

ONESQA International e-Journal (OIJ) publishes original empirical or theoretical articles on Quality Assurance in education issues, including dimensions and indicators of Quality Assurance and Quality Improvement, as applicable to education at all levels; i.e. pre-primary, primary, secondary, Higher Education (HE), Technical and Vocational Education and Training (TVET).

Periodically, OIJ also publishes systematic reviews, research syntheses and assessment policy articles on topics of current significance. As an international journal, OIJ seeks submissions on topics that have national and global relevance.

## Aim and Scope

Article submissions could pertain to the following areas integral to Quality Assurance in Education's mission:

- Standards, reforms, accountability, accreditation, and audits in education
- School efficiency assessments
- Effective tools for organizational or program development
- Critical element, challenges, impact and good practices in QA
- Tools, criteria and methods for examining or assuring quality

## OIJ Policy

**Publication Charge:** There are no charges for the first two years to submit and publish all the following areas above in the journal.

**Type:** Peer reviewed journal

**Frequency:** 2 issues per year (Jan-Jun, Jul-Dec)

**Language:** Full text and abstract are both in English

**Open Access Policy:** This journal is a peer reviewed, open access journal which serves authors, researchers, academic institutions, and the wider community both national and international by publishing high quality articles. All articles published open access in this journal will be freely available for everyone to read, download, copy and view.

**Manuscript submissions are now open.**
